ABOUT THE SCHOOL

ICL ACADEMY is an innovative, accredited online private school for grades 5-12 that tailors academics to student passions. We utilize a college learning model, which combines asynchronous work time and weekly synchronous seminars led by our faculty.

Learning with ICL Academy is inspiring, flexible, and engaging while meeting college and career readiness standards. Our curriculum empowers students to think critically and apply their knowledge in authentic ways through our *Impact Learning* model.

Our mission is to inspire champions for life - students who excel in their education, their communities, and their passions, through leadership, character, and purpose.

PHILOSOPHY OF IMPACT LEARNING

WORLD CLASS ACADEMICS TAILORED TO STUDENTS PASSIONS

All students engage in an inquiry-based curriculum that promotes curiosity, nurtures creativity, and emphasizes innovation. Students learn with others who are motivated and work with highly talented instructors in an atmosphere of collegial engagement. ICL Academy's courses are based on the scope & sequence of an elite private school education.

AWARD-WINNING CHARACTER & SERVICE LEADERSHIP

Through a combination of conferences, speaker series, summer academies, and award-winning service and leadership courses, ICL has transformed the lives and futures of over 10,000 young people, and exponentially more through student service projects.

CUSTOMIZED COLLEGE COUNSELING

The college counseling department values the relationship with students and families as they navigate the college admissions process. We stress that finding the right fit is essential to a positive college search. Through various programming opportunities and intentional connections throughout the year, we strive to make an environment where students are excited about the next chapter in their academic journey.

INSPIRING AND ENGAGING COMMUNITY EXPERIENCE

Students form meaningful relationships with peers, teachers, staff, mentors, and advisors through their 'passion pod' collaborations, live teacher instructional office hours, and live virtual or in-person school events, meet-ups, student-led clubs, and summer abroad programs.

WORLD CHAMPION PARTNERS AND MENTORS

ICL is the only online private school with world-renowned champions. Global icons inspire and mentor ICL Academy students to follow in their footsteps and beyond.

ACADEMIC AREAS OF DISTINCTION

LEADERSHIP

The Leadership course provides a dynamic foundation for students to explore and develop key skills essential for personal growth, reflecting the qualities outlined in the ICL Profile of a Graduate. Initially, students will delve into leadership principles, focusing on core qualities such as integrity and empathy, and learning to inspire and guide peers through setting clear goals and articulating a compelling vision. The curriculum also incorporates the attributes of successful learners, emphasizing resilience, growth mindset, and overcoming obstacles. Finally, as students engage in activities centered on community participation, they develop a strong sense of social responsibility and effective communication strategies, equipping them to be influential community members and inspiring champions for life.

PASSION EXPLORATION

The course is thoughtfully divided into several phases, beginning with an introduction to the concept of passion projects. Building on this foundation, the course guides students through defining the scope and objectives of their projects, where they learn to set achievable goals through the principles of project management. As students progress, they engage in extensive research and background exploration, constructing a comprehensive research plan and annotated bibliography that provides the necessary context for their projects. The course concludes with students presenting their finished work in a final project showcase, allowing them to highlight their learnings and outcomes.
